Compulsory Task: Once you have learnt about inputs and outputs, log onto Purple Mash and complete the 'History 2 Quiz' 2Do. You need to input questions about the Ancient Greeks to create a quiz. Make sure you include the answers so that when someone plays your quiz, they can input an answer and the computer will provide the output of whether it is right or wrong.

When you open the 2Do, read through all the pop up instructions, clicking next each time so you understand how to make a quiz. You can also click on

the  symbol for extra help. Then you can play it with your family!
