Relationships and Health Education at St Mary's

Dear Parents/Carers,

In the Summer Term last year, we started our Relationships and Health Education consultation. The feedback we received from this consultation has supported us in devising our Relationships and Health Education offer.

The next part of this process is to share with you the curriculum and resources we will be using to deliver statutory Relationships and Health Education.

Example lesson plans and resources, along with our school's policy and a document detailing the links between our curriculum and the Department for Education statutory guidance, can be found on our school website in the Home Learning section you have been using to access our remote learning offer over lockdown.

We have also put together a short presentation detailing the curriculum, which can be found using this link: <https://www.loom.com/share/4bd296efb84d4c9397413ca976655ab2>

Your feedback is important to us. If you would like to leave any comments or ask any questions about our Relationships and Health curriculum, you can do so by following this link: <https://forms.gle/YjijaLDSJPmTTr488>

The deadline for submitting comments is **Friday 19th March**.

Thank-you in advance for your support and feedback.

Mrs Harding
