

The Magic Key

Once upon a time there lived a little boy called James. One day he found a key in the garden. He noticed it was shiny and it sparkled in the sunlight. He picked it up so he could look at it closely.

When he picked it up it took him to a magical land and there was a beautiful rainbow. He was amazed! Then he met a rabbit, the rabbit spoke to him and told him to make a wish. Because he was feeling quite hungry, he wished he had some cake. All of a sudden a cake appeared! The cake was the yummiest cake he had ever seen.

As he was eating the cake he started to think about his brother. How would he get back to his garden so he could tell his brother John all about this magical land? But as he ate the last piece of cake he was suddenly taken back home to his garden. Finally, he ran to tell John about his exciting adventure!
