Dear Parents/Carers

Welcome back!

We are excited to be able to hold welcome meetings for parents this month.

The meetings will be held in the classrooms and will be a chance for you to meet the teacher, hear about the year ahead and ask any questions you may have. We will also be sharing with you what the learning will look like this year and what the curriculum will cover over the next academic year. At the meeting, you will also be signposted to handouts that can be accessed on the school website.

Children are welcome to attend the meetings with you. If you have very little siblings, please can we ask that prams are left outside of the classroom. The rooms are well ventilated however as social distancing is not possible, please can we suggest you wear face masks if you are able to. This is not compulsory but recommended as a preventative measure.

As there will be after school clubs running at the same time on site, we ask that your children stay with you for the meeting and do not run around outside for safeguarding reasons. Thank you for your support with this. Please arrive for the normal pick up time, collect your children from their classrooms and then wait outside the classroom door, where the meeting will happen, until the teacher invites you in.

If you are unable to attend the meeting, information from the meeting will be accessible on the school website.
