

Eco - Update:

Following a letter from the Eco-Committee, we are pleased to share that we have now had bins placed on the upper playground with the support of funding from the Friends of St. Mary's.

We have also bought litter pickers and the children are now kindly offering to help keep our school clean at lunch. Children see our eco-warriors to sign them in and out. Eco-warriors are now clearly visible at lunch as we have purchased some Eco-Warrior' high visibility jackets.
