

Introducing ActivSport

Subject: Introducing ActivSport - after-school clubs from after half term

Dear Parents and Carers,

We are delighted to introduce **ActivSport**, who will be offering after-school clubs at **St Mary's C of E Primary School** from after the May half-term holiday.

ActivSport provides fun, active and engaging sports sessions designed to help children enjoy being active, develop confidence, learn new skills and take part with their friends in a positive and supportive environment.

Our aim is to provide more than just an after-school activity. We want children to look forward to their sessions, feel included, try new activities and finish the school day in a positive way.

Through **ActivSport**, children will have the opportunity to enjoy:

- Fun, active and age-appropriate sports activities;
- A positive and welcoming environment;
- Opportunities to build confidence, teamwork and social skills;
- Sessions designed to keep children moving, engaged and smiling;
- A convenient after-school option for families;
- Simple online booking through the ActivSport booking portal.

We are also aiming to introduce improvements for parents and families, including clearer communication, easier booking processes and a reliable way to view and manage available sessions.

Parents can view available clubs and make bookings through the ActivSport online booking portal:

activsport.co.uk

Whether your child has attended after-school sports clubs before, has only joined occasionally, or is looking to try something new, we would be delighted to welcome them to ActivSport sessions after half term.

For any questions about clubs, availability or bookings, please contact:

enquiries@activsport.co.uk

We look forward to welcoming children to ActivSport and providing a fun, active and positive experience after school.

Kind regards,

Adam Smith
COO
ActivSport
